AN ACCIDENT ON THE I. & C.

Mrs. Elnora Bloombach, of
Indianapolis Struck
by Limited

Her Arm is Broken and She
is Cut and Bruised
About the Head

The west-bound limited I. & C. traction car which leaves this city at 5:05 each evening, struck Mrs. Elnora Bloombach last night about 6:15 o'clock west of the end of the double track at stop 2, near Irvington. The woman was coming east and is said to have been walking in the center of the track. The motorman blew his whistle but she paid little attention and tried to stop his car when he saw that she was not trying to get out of the way. Some who were on the car say that the woman was carrying a sack of crackers and that she dropped them and attempted to pick them up before leaving the track.

She was knocked down and dragged for considerable distance. One of her arms was broken and a bad gash was cut in her forehead. She was otherwise bruised and cut about the body. Dr. Frank Smith, of Arlington, happened on the car and he dressed her injuries. The lady was taken into Indianapolis, and was met at Virginia avenue and Delaware street by the city ambulance which took her to the city hospital.

FESTIVAL WAS BIG SUCCESS

One Hundred and Sixty Three
Dollars Cleared at the
Kuhn Home

The festival at the home of Conrad Kuhn, who resides west of Manilla, was a big success Wednesday. Hundreds of people attended the affair, which was given for the benefit of the German church of which the Rev. Dr. G. G. Winters is pastor.

Last year a similar event was given at the home of Andy Kuhn, and a brother of Conrad Kuhn, at whose home the festival was held Wednesday.

At that time over one hundred dollars was cleared. That was looked upon as a very good record and every one went to work this year to eclipse the festival of last season. So well did these thrifty German citizens do their work and so earnestly did they expend their efforts that a total of \$163 was cleared Wednesday.

Those who worked hard for the success of the festival are being complimented on all sides and well do they deserve it. Music was furnished by George Kuhn and Harry Moberly. Others helped entertain the visitors in various ways.

POLITICAL DEBATE AT CENTER SCHOOL

Large Crowd in Attendance—
Interesting Discussion

The political debate at the Center school house last night was attended by about one hundred and fifty people. The debate lasted for about two hours and in addition a musical and literary program was rendered. The question debated was "Affirmed, That the best interests of the people of the United States would be subserved by the continuation of the Republican party in power." John F. Joyce and George McBride, Republicans, had the affirmative, and Prof. L. A. Hufford, Democrat, and Dr. J. L. Lord, Prohibitionist, had the negative. There were no judges, but the affirmative side is conceded to have had the better argument.

MUCH RICE AND MANY OLD SHOES

Wasted on Young Man and Alleged Bride—All Had Good Time Just the Same

"Early Wednesday afternoon," says the Connersville News, "Denning Havens, of Rushville, telephoned here that he had been married to a beautiful young lady, and that he and his bride would arrive in Connersville on the 8 o'clock train for a short stay in the city. Donald McIntosh and Clarence Montgomery took the young man at his word and securing a body guard composed of about a dozen ladies and gentlemen, went to the station to meet the happy couple.

When the train arrived, Mr. Havens, accompanied by William McColligan, Misses Martha Marr Virginia Neal Hoggsett and Frances Capp, climbed down only to be met with a shower of rice and old shoes.

Not until a late hour, after being treated to the best in the city, did the party return. Just as the train left the station Mr. Havens and "bride" gave their Connersville friends the laugh for being so easy.

TO DEMAND THE RETURN OF MONEY

Things Politically Reach the Boiling Point in Franklin County

Political affairs in Franklin county have reached the boiling point and Ed. Hancock, editor of the Brookville American, is making it hot for the Democrats in that neck of the woods. The American this week says: "It has been reliably reported that certain citizens, regardless of party politics are seriously considering making a demand on certain county officials and ex-officials, for the return of the interest they have received from county funds and failed to turn into the treasury. It is not known how far the matter has progressed."

A TEAM OF MULES INJURED IN RUNAWAY

A team of mules owned by Morton Oldham, standing in front of John S. Beale's tin shop on North Main street about 3:30 yesterday evening became frightened and ran away. The animals dashed into a delivery cart standing in front of Weeks' meat market and demolished it. The little gray mare hitched to the delivery cart was thrown forward on to the water hydrant on the corner and badly injured, her flesh being ripped open between the fore legs.

Mr. Oldham had attached one of the mules to a weight at the edge of the sidewalk and one of a number of school boys on their way home from school accidentally pushed the weight off the curb. This scared the mules and caused them to run away. The runaways were stopped before they could get further. The injured horse was unhitched and taken to Dr. R. J. Hall's veterinary hospital for treatment.

STILL NEEDS 300 DOLLARS

Improvement Association is Still Uncertain as to Location of Factory

Every Citizen Should Attend Mass Meeting at Court House Tonight

Every citizen of the town should turn out at the mass meeting to be held at 7:30 this evening at the court house for the purpose of making final arrangements to locate the factory of O. E. Francis & Brothers of Cincinnati, in this city. Some \$300 is yet needed to complete the fund that is needed to bring the factory here and it is hoped that this money can be secured this evening.

The committee was out with the subscription list again today and succeeded in raising some money, but the subscriptions were small in amount. However, if the remainder of the money is secured tonight the location of the factory here is practically "cinched."

Let all of the citizens turn out and do his part.

TAFT IS NOT MIXING IN

The Isle of Pines Continues Under Cuban Government

Treaty Now Pending in United States Senate Ties Hands of Provisional Government

Havana, Oct. 12.—The provisional government will have nothing to do with the question of the sovereignty of the Isle of Pines, or with the separation of the government of the island from the rest of the Cuban republic. The executive authority of the United States already has declared that the Isle of Pines belongs to Cuba and has embodied that affirmation in a treaty conceding the sovereignty of the island to Cuba, and this treaty is now pending ratification in the American senate. The entire matter being one for the adjudication of the state department, the provisional government, which is wholly under the war department, will not mix therein.

The mode of government of the Isle of Pines as part of the Cuban republic may be altered or amended, but the desire of Americans in the Isle of Pines for territorial or municipal government as part of the United States cannot be conceded by any act on the part of the provisional government of Cuba or the war department.

The president of the American Association of the Isle of Pines has not yet interviewed Governor Taft on this matter, but the most that is likely to be gained will be the placing of an American military officer as temporary governor of the island in lieu of the present Cuban mayor, with whom the relations of the American residents have not been pleasant.

The American residents of the Isle have adopted unanimously a resolution exonerating Secretary of State Root and General Leonard Wood from all blame in connection with the turning over of the Isle to Cuba, and they feel that this step ought to open the way to negotiations for making the Isle American property. They consider the present condition of affairs opportune for securing a settlement of the matter, which they believe may hang fire indefinitely in the United States senate.

Governor Taft has decided that the pay of the Cuban senators and congressmen be stopped with October 1, when the Palma administration ceased. He will decree the congress to be in recess until the question of its status is settled. The battleship Louisiana will leave here Saturday afternoon for Norfolk via Key West, with Governor Taft and his party on board. The Louisiana will be accompanied by the battleship Virginia, with General Frederick Funston on board. The battleship New Jersey and the cruiser Minneapolis will sail for the north today, followed shortly by the cruiser Newark. The cruiser Brooklyn and the battleship Texas will remain here. With the arrival in Cuba of additional army forces, the marines now here will be gradually withdrawn.

INDIANA STUDENTS MEET AT ANN ARBOR

Walter E. Frazee Delivers Address—Rushville Members

The Indiana Students at Michigan University have organized a Hoosier club. At the reorganization of the club this year, Walter E. Frazee, of this city, delivered an address. The club, he said, had been largely instrumental in bringing noted Indiana speakers to the university. Among these he named President Hughes, of De Pauw, and John W. Kern, of Indianapolis. The club had also entertained in a modest way, the Indiana track team during its visit.

Besides Mr. Frazee, Rushville has been represented at the University in Harold Mauzy, Paul Gaffin and Carl V. Nipp.

Under the new law, they not only attend to the making up of the ballot and the counting and distribution of same, but will have to appear at the clerk's office on the evening of the election and remain there to canvass the vote as it comes in. The canvassing was formerly done by the inspectors on Thursday following the election. The new way makes the result of the election known much sooner.

THE U. P. SYNOD AT COLLEGE CORNER

The Synod Discusses Earthquakes, etc.—Rev. W. P. McGarey to Make Address

The Second Synod of the United Presbyterian church is in session at College Corner, Ohio, since Tuesday night. The Synod includes seven Presbyteries or districts in Indiana, Ohio and Tennessee and is being well attended. The Rev. S. A. Livingstone, of Monroe, O., was chosen moderator, a tribute to his rugged Christian character.

The keynote of the meeting, which is being struck repeatedly, in the different sessions, was sounded by the retiring moderator, W. H. Patterson, of Princeton, Ind., in his sermon from the words, "Hath God Forgotten to be Gracious?" in which he laid emphasis upon the love of God. The speaker said that his church had never been guilty of thinking of God as who grows spunky and sends earthquakes, etc., to get even with sinners.

Neither will it do, he insisted, to say that "God was not in the earthquakes," but rather that in His graciousness, God means these things in the same way, a loving earthly father means the correction it is sometimes necessary to administer for the good of a dearly beloved child. "Such smiting comes to me in love."

Rev. W. P. McGarey, who represents Rushville in the Synod, went to Oxford, Ohio, Thursday night to deliver an address before the students of Miami University, and will return home tomorrow. He will occupy his pulpit next Sunday morning and evening as usual.

APPLES ARE VERY ABUNDANT

Prices Remain High Nevertheless—Fruit is Rotting

Clay County Leads With the Highest Production—Rush Co. Apples.

Although there were more apples produced in the vicinity of Rushville this season than there has been for many years, the retail price at the groceries does not seem to have been affected to any noticeable extent. It has been estimated that more apples are now going to waste or being made into cider in the country than will be consumed during the entire winter. In many places the farmers have turned the hogs into the orchard to eat the fallen fruit, rather than take the time to pick it up and bring it to town and sell at a reasonable price.

It costs 60 to \$1.35 per bushel to buy ordinary apples at the grocery in this city. The price is practically the same as when the crop has been but fair. At the same time thousands of bushels that might be sold are left lying about to rot in the orchards. If one goes to the country and picks the apples he may secure them at 30 or 40 cents per bushel. Farmers claim it is worth the difference in price to bring the fruit from the country to the city as it is necessary that the apples be picked to prevent their being bruised or injured in any way. Forty cents or more seems to the city resident to be a good price for the picking of a bushel of apples and the hauling of them to the city, but the farmer says that is what it is worth and that is what must be paid.

That the shade of the old apple tree is more than a song to Indiana farmers is shown by the 1906 apple statistics as being tabulated by State Statistician Joseph H. Stubbs. At present fifteen of the ninety-two counties in the State have been tabulated and the crop so far bears all indications of being a record-breaker. Some of the counties in which the largest crops of apples are generally found have not sent in statistics for the compilation yet, and it is expected that these counties will show greater crops than their history tells of.

Of the counties from which statistics have been received Clay leads with a total of 135,200 bushels to the township. Owen county is next with 111,000 bushels. Third in order is Bartholomew county with 109,000 bushels. Other counties in which crops are large are Johnson, 53,000; Jennings, 54,000; Brown, 67,000; Pike, 54,500. In nearly all of these counties the crop this year has been much larger than that of 1905. In Wells county the increase was from 10,100 bushels to 31,000. In Clay county it was from 26,950 to 135,200.

Daniel Brown shipped four hundred bushels of apples to Indianapolis this season. John Beaver and others in the vicinity of Glenwood have shipped about six thousand bushels. Indianapolis commission men have been at Glenwood buying apples for some time and have been shipping them out by the carload.

It was stated Thursday morning by an official of the I. & C. traction company that the new cars will be put in to service on the Shelbyville division about Nov. 1st. They are ready and waiting at the barns in Rushville, but the head officials deem it advisable to complete the construction work between Shelbyville and Indianapolis before placing them in service.

It was the intention of the company to place new cars in service, about October 15th, but the construction work lagged, making necessary a delay of two weeks.

CAUSES UNEASINESS

Senator Beveridge's Illness Disconcerting to Campaign Managers.

Indianapolis, Ind., October 12.—The dispatches from Boston announcing the sudden illness of Senator Beveridge have caused considerable uneasiness among his friends and especially among the Republican campaign managers, who are depending on him to do herculean work in the hustings during the last half of this month and the first of next. The senator has been leading a strenuous life, as his engagements have taken him to many states since the campaign opened, but he has been in the best of health until he left here on his Eastern trip. Word received today was to the effect that he is not seriously sick, but that his speaking engagements may have to be cancelled for some time.

The itinerary for Oct. 23 and 24, the last two days of Bryan's Indiana tour, has been given out at the Democratic state committee rooms. It will begin here at 7 in the morning of the second day and end here at night with a big meeting at the ball park. The second day's itinerary will present a novel feature in that Bryan's special will consist of an interurban car and some automobiles. His first stop will be at Tipton. He will pass through Kokomo, but no stop is scheduled for there. He will continue to Peru by the Indianapolis & Northern Traction company, and from Peru to Huntington by the Fort Wayne & Wabash Valley Traction company. He will pass through Fort Wayne over the same line, and will take a traction line from there to Bluffton, Hartford City, Muncie and Anderson. From Anderson to Fortville he will use the Union Traction, and from Fortville to Greenfield the party will use automobiles. Arrangements have been made to run the special car over the interurban from Greenfield straight through to the ball park here for the night meeting. Bryan will have a special train part of the third day, leaving here at 7:10 in the morning over the Big Four for Lebanon and Lafayette. He will spend an hour at Lafayette, an hour and a half at Plymouth, and an hour at Columbia City before reaching Fort Wayne for the night meeting.

The determination of the Democratic campaign managers to elect Cyrus E. Davis of Bloomfield to congress from the Second district was shown by the assignment of Bryan to make six speeches in his behalf. Bryan has always been very popular in the Second—in fact, it has been known as the Bryan district. A series of big rallies are being arranged for there for the Bryan trip, which is expected to be worth several hundred votes for Davis.

The Rev. Sam Small, the noted lecturer, has taken the stump for the Democratic ticket in Indiana. He is now making speeches in the Second district, where he will remain for the balance of the week. He will probably be assigned to other parts of the state. The Rev. Mr. Small is a Democrat of the old-fashioned fighting type and is ever ready for action. He may remain in Indiana until election day.

Chairman Hayes of the Republican speakers' bureau today assigned Senator Beveridge to address a rally of Twelfth district Republicans at Fort Wayne the night of Nov. 1. It will be the big meeting of the campaign for the Twelfth district Republicans.

Modus Vivendi Denounced.
St. John's, N. F., Oct. 12.—The cabinet met last night to consider the advisability of a policy of pronouncement against the modus vivendi between the British and American governments relative to the Newfoundland fisheries. Leading fish merchants also met and adopted resolutions adverse to the modus vivendi. The organ of the opposition blames the premier for the whole trouble, declaring that the people of this colony do not want to quarrel with Americans and that the premier is forcing the fight to obtain revenge upon American fishermen because his reciprocity project was blocked.

Deed of a Lunatic.
Winchendon, Mass., Oct. 12.—Mrs. Ira E. Wood, wife of a farmer here, was shot in the face last night and almost instantly killed. The charge of shot that struck her was fired through a window of her home. Harry Wood, a brother-in-law, lives in an adjoining farm. He has been an inmate of an asylum for the insane. He borrowed a shotgun yesterday and since then has not been seen. Officers have been ordered to arrest him.

Expresses Good Resolution.
Muncie, Ind., Oct. 12.—Eight hours after he pleaded guilty to a charge of grand larceny growing out of the wrecking of the Muncie Garment company, of which he was manager and secretary, George C. Benham had been placed in a cell at the Michigan City penitentiary. Just before his departure Benham said to a friend: "I intend to serve my sentence like a man and to make my future atone, as well as it may, for my past."

Better Reciprocity Wanted.
Chicago, Oct. 12.—A revision of the general tariff laws of the United States and better reciprocity with foreign countries, especially England and Canada, was demanded in a resolution adopted by the National Association of Agricultural Implement and Vehicle Manufacturers at the closing session here of its thirteenth annual convention.

The Republican office is the best equipped country printing office in the State and can compete with the large cities in both quality of work and prices.

ROMANTIC COURTSHIP

Terminated in Unannounced Marriage of Vice President's Son.

Steubenville, O., Oct. 12.—Frederick Cole Fairbanks of Indianapolis, son of Vice President Fairbanks, and Miss Helen E. Scott of Pittsburgh, were united in marriage here yesterday. Parents of both the young people knew that they were engaged and the engagement was to have been announced this week. Some are inclined to look upon the marriage in the light of an elopement, but it is said no stronger objections were made to the marriage by the vice president than any parent might make to the early marriage of a young son. Mr. and Mrs. Fairbanks were immediately informed of the marriage.

A Romantic Courtship.

Pittsburg, Pa., Oct. 12.—Miss Helen E. Scott is the highly accomplished daughter of Mr. and Mrs. James Scott, who are prominent in East End society. Mr. Fairbanks is a young business man of Springfield, O., where the couple will make their home. The marriage is the result of a romantic courtship of less than a year's duration. When Miss Scott returned home about a month ago from visiting relatives in Indiana it was the understanding among intimate friends that the engagement of the couple would be announced early in October and the marriage take place in November. The young couple reached Pittsburg last night to remain a day or two before starting on their honeymoon trip, which it is said will be a tour of Europe.

DIFFICULTIES OVERCOME

Force Pumps Solve the Riddle of New Orleans's Sanitation.

New Orleans, Oct. 12.—For the first time since this city was founded, 188 years ago, a modern sanitary and underground sewage system was put into operation last night. The pipes connected are part of a \$24,000,000 sewage, drainage and water system, building of which began eight years ago. In an area measuring twenty-five blocks by forty-two, including the principal business section of New Orleans, last night's connection marks the end of cess-pools and of portable vaults in business houses, which have for many years been a danger to the public health. It will be many months before complete connections can be made with the pipes opened last night. By means of force pumps the contents of these pipes are emptied into the Mississippi river, approximately twenty-five feet below mean water level. The fact that the river annually rises above the city's street level made an underground sewage system impossible until the force pump was resorted to. Pumps are also used for the drainage pipes, which are separate from the sewage and empty into Lake Ponchartrain.

Ended in Denunciation.

Helsingfors, Oct. 12.—The Constitutional Democratic congress adjourned last evening. At the concluding session a pronouncement denouncing Premier Stolypin's administration and all its works, which was proposed by the central committee in an endeavor to placate the extremists, was adopted by acclamation amid great enthusiasm.

An Unwarranted Interference.

Rome, Oct. 12.—It is stated here that the attitude taken by Archbishop Howley in connection with the Anglo-American modus vivendi on the Newfoundland fishery question is not meeting with favor at the Vatican, it being considered unwarranted interference in political affairs.

Fatal Pistol Duel.

Denver, Col., Oct. 12.—James Thornton and E. Hofess, alleged gamblers, engaged in a pistol duel in the offices of a brokerage company and Thornton received a wound in the abdomen which may prove fatal. Hofess was shot in the right wrist.

UNION THE THING

Rival Organizations of Women's Clubs Agree Upon a Merger.

ALMOST UNANIMOUSLY

The Dissenters in the Two Bodies to Proposed Union Were Few and Far Between.

Committees from the Two Organizations Will Arrange the Details of the Merger.

Muncie, Ind., Oct. 12.—The Indiana Federation of Women's Clubs almost unanimously passed a resolution in favor of consolidation with the Indiana Union of Literary Clubs, and a committee of fifteen of the delegates was appointed to attend the meeting in Fort Wayne of a similar committee chosen by the Indiana Union to decide on the details of the amalgamation.

The Union to Go Out.

Winona Lake, Ind., Oct. 12.—A committee of fifteen women, representing the Indiana Union of Literary Clubs has left here for Fort Wayne, where they will meet with a committee of fifteen from the Indiana State Federation of Women's Clubs, when details of the consolidation of the two organizations will be worked out. It looks as if the whole union organization will be wiped out of existence. It will doubtless take the name of the federation, which absorbs it. The constitutions of the union and the federation are so nearly alike that that of the federation will be retained.

THE AYERS CASE

Verdict of the Coroner Is Expected Today.

Shelbyville, Ind., Oct. 12.—Coroner Bass has finished the examination of witnesses in the Ayers inquest case and will return a verdict today, which it is expected will be that Mrs. Ayers came to her death from a bullet wound in the head, self-inflicted with suicidal intent. Of the large number of witnesses subpoenaed, only eight were examined. Prosecutor Bassett examined Charles J. Ayers, husband of the dead woman. Ayers proved a good witness for himself. He was cool and collected at all times and did not depart from his first statement, made last Sunday morning, after his wife was found dead.

Ayers admitted that he and his wife had frequent misunderstandings, but said they were not of a serious nature. He denied that he had ever struck his wife or threatened her life. Ayers gave as his excuse for not attending the funeral of his wife Tuesday afternoon, that he was not desired by the family and said that George Wright, a brother-in-law from whose home the funeral was held, had told him he would not be welcome.

Freedom Interrupted.

Jeffersonville, Ind., Oct. 12.—A telegram to the Indiana reformatory from Cape Girardeau, Mo., conveyed the information that Everett Corlet, who walked away from the institution on May 15, 1906, is in custody in that city. He was employed in the garden, when he walked away. He was sent up Dec. 23, 1904, from Greene county, to serve a term for burglary, and would have been eligible for parole, with a good record, in a month or two.

Wanted in Indiana.

Goshen, Ind., Oct. 12.—J. F. Moore, arrested at Lima, O., by the United States postal authorities on the charge of raising postal orders at Piqua, O., is wanted in many towns and cities in northern Indiana. He raised a draft on the Auburn State bank from \$7 to \$70, and passed a bogus check drawn on the First National bank of Marion for \$175 on Stiver & Smith, Goshen furniture merchants.

Father's Pitiful Accident.

Princeton, Ind., Oct. 12.—While felling a tree Alfred Bruce, who lives south of this city, accidentally killed his two-year-old child. The child toddled up beside its father just as he swung the ax beside him, and the keen blade struck the child in the head, making a wound from which the boy died shortly afterward. The father is prostrated with grief.

Two Victims of Explosion.

Rockport, Ind., Oct. 12.—The Rockport steam laundry was gutted by fire last night and two persons are so seriously burned that they are expected to die as a result of the explosion of a gasoline tank in the establishment. Albert Hargis, son of the manager, and Amelia Reuschley, an employee, were perhaps fatally burned.

Accidentally Shot Himself.

Lafayette, Ind., Oct. 12.—Elias H. Kron, a West Lafayette business man, accidentally shot himself while shooting rats. It is believed he cannot recover.

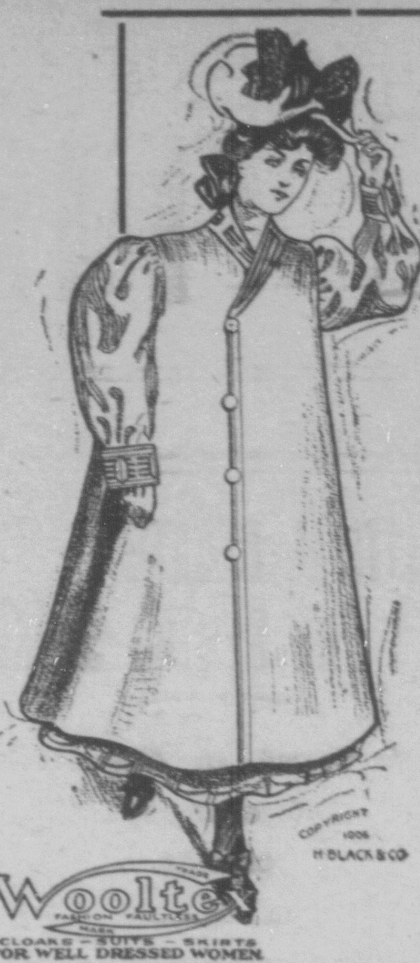

Caught on the Track.

Terre Haute, Ind., Oct. 12.—Charles Cory, thirty-seven years old, was killed by a Big Four train at Pontanet when crossing the track.

A sour stomach, a bad breath, a pasty complexion and other consequences of a disordered digestion are quickly removed by the use of Ring's Dyspepsia Tablets. Two days treatment free. Sold by Lytle's Drug Store, Limited to Legitimate Drug Business.

CURE CATARRH NOW

Do Not wait Until Winter or Disease Will Become Chronic.

Many people in Rushville, are beginning to cough and hack with the fall symptoms of disagreeable and offensive catarrh. The tongue is coated in the morning and they do not sleep well at night on account of disagreeable tickling and dropping at the back of the throat as the result of catarrh. Before the disease becomes chronic they should use Hyomei and get complete freedom from their catarrhal troubles.

If you neglect to treat catarrh when it first comes on, the chances are that it will become so firmly rooted and deep-seated that it will bother you all winter and may become chronic and almost incurable.

The first day's use of Hyomei will show a decided improvement in health, and in a short time there will be no further trouble, and you will be free from catarrh, and coughs and colds will not bother you during the winter.

Remember that Hyomei is sold under an absolute guarantee that it costs nothing unless it cures. F. B. Johnsons & Co. have sold a great many Hyomei outfits, every one with their personal guarantee that it costs nothing unless it cures, and they have seen so many remarkable evidences of the curative powers of Hyomei that they are very glad to continue giving this guarantee with every package.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Trouble.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all the ills which are caused by weak or disordered kidneys.

Thomas Kennedy, of 246 Meridian street, Shelbyville, Ind., employed in the furniture factory, says: "Three or four years ago I began having rheumatic pains in my hips. It would wear off at times, but any slight cold brought it on again. I commenced to have lameness in the small of my back, a bad feeling in the top of my head, and kidney secretions became unnatural and irregular. I procured Doan's Kidney Pills at a drug store, and they banished the trouble I have mentioned. I can confidently recommend Doan's Kidney Pills to others suffering from backache or other kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn-Co., Buffalo, New York, sole agent for the United States. Remember the name—Doan's—and take no other.

The All Important Question

in selecting your shoes is their fitting qualities. No matter how stylish a shoe may be, or how excellent may be the workmanship, unless it fits perfectly you will not get your money's worth; for poorly fitting shoes not only loose their shape but they wear out more quickly.

We sell shoes that are not only stylish and reliable but the fit perfectly.

We will welcome the opportunity of convincing the most skeptical that our shoes are all we claim.
